

State of the art Automated Manufacturing Facility of PV Crystalline Panel

Agrawal Renewable Energy Private Limited (AREPL) aims to bring solar energy systems and solutions, to all rural & urban areas and bring about a revolution in the quality of life. As part of this initiative, we offer wide range of products, systems and solutions – from solar lanterns, home lighting systems, street lighting systems, solar pump, roof-top system to independent power plants – all based on solar energy.

Solar Power Plants & EPC (Grid Connected)

Roof Top PV solution (Off grid & Grid Interactive System)

- Utility scale Solar Power Plants (Grid connected)
- Roof Top PV solution (Off grid & Grid Interactive System)
- Water pumping system
- Home lighting System
- Street Light etc.

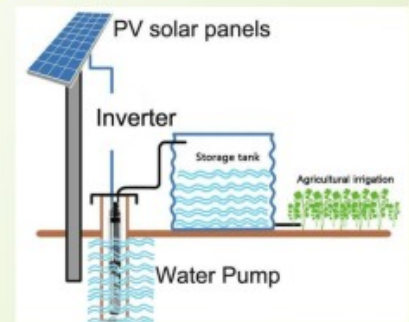

Solar Appliances

- Solar Street Lighting, Solar Fan & Solar Lantern System
- No electrical connection required
- No dependency on grid availability
- Easily portable since no cabling is required

Solar Water Pumping System

- MNRE approved channel partner,
- Maintenance free
- 1 HP to max 20 HP (Also available with customized design & solution)
- Agriculture, Drip Irrigation, Residential, Industrial
- Save fuel & Money
